# LAKKOJU HEMANTH

9494466899 | hemanthlakkoju2212@gmail.com | LinkedIn **=** *Hemanth Lakkoju*

Passionite B Tech Computer Science Engineering student strong foundation in programming languages, problem-solving, and mathematics, seeking an internship opportunity in the technology and software field. Eager to apply my knowledge and passion to gain hands-on experience.

## EDUCATION

**Andhra University**                                                                                          *2021- current*
Bachelor of technology (Computer science engineering) | CGP – 8.00

**Sri chaitanya junior college**                                                                          *2019 - 2021*
Intermediate | MPC | Total - 83%

## EXPERIENCE

**Appleton Innovations,vizag – Machine learning (internship)**
*June 2023 - august 2023*
- Participated in a machine learning internship, focusing on developing predictive models.
- Utilized Python, along with libraries such as TensorFlow, Scikit-Learn, and Pandas, to build and evaluate machine learning models.
- Developed and fine-tuned machine learning models, including Gold price prediction system to achieve optimal accuracy and efficiency.

## PROJECTS

- Created a AI based career guidance web page for SIH 2023
- Created a Web page college compitation.
- Designed and implemented an Intelligent Library Assistant in Java, applying object-oriented principles, and seamlessly integrated Azure Cognitive Services, elevating user experience.

- Created a gold price prediction system for internship project.

## Technical Skills

- Mastered Web Development, AI, ML, and Data Structures in C, C++, Java, and Python, employing OOPS for robust solutions.
- Dedicated to perpetual learning, embodying a fervent enthusiasm for technology advancements and a commitment to staying ahead.
- Eager to grow and learn, Obsessive on technology.
- Recognized for adept logical reasoning, mathematical finesse, and a consistent track record of delivering elegant problem-solving.

## ACHIEVEMENTS

- Led a high-performing team to victory in an internal hackathon, showcasing leadership, problem-solving, and collaboration skills. Delivered innovative solutions that earned top honors.
- Led a team for a challenging internship project.Exceeded expectations and earned a certificate of excellence.

## SKILLS

**Skills:** Programing lanaguages, OOPS, Web development, DSA, Machine learing, AI, Communication skills, Leadership skills, aptitude, problem solving, passion for technology and innovation, OS, DBMS, CS fundamentals.
